SUMMARY

I am currently finishing up my Full-Stack Web Development program from Vanderbilt University

EXPERIENCE

Senior Account Representative

A3 Marketing

📅 04/2018 - Ongoing   📍 Nashville, TN

I am the main web developer for A3 Marketing, creating landing pages and websites for clients. I hope to start creating phone applications for clients in the future. In development I specialize in:

- Design: I love creating and styling with either traditional HTML/CSS or using handlebars or a template library such as Bootstrap.
- Back end server development
- Front end functionality

SKILLS

Front End

ES6   Javascipt   SemanticUI

JQuery   HTML5   Bootstrap

UIKit   CSS   Handlebars

Back End

ExpressJS   NodeJS   MySQL

MongoDB   PassportJS

WHAT I'M PROUD OF

🗡 **My Courage**
to always leave my comfort zone and try to learn new tools/technologies

🎯 **My Focus and Drive**
Despite the adversity I keep my head down and focus on the task ahead.
